The Miracle League is a specially designed baseball program for children with disabilities. Children of all ages 4 years and up have the opportunity to play America’s most beloved pastime. The baseball field is designed with special features that include a synthetic turf to prevent injuries, wheelchair accessible dugouts and a completely flat field surface that eliminates barriers for wheelchair bound and/or visually impaired players. The mission of the league is to give every special needs child an opportunity to play baseball no matter what their challenges may be. Each child plays by Miracle League’s special rules that include every player batting once an inning, every batter getting on base, all base runners are safe and every child scores a run. Each child is assigned a youth or adult volunteer to be their “buddy”. The buddies assist the players to hit, run and score! Every one wins every game!
